**Disclaimer:**
Wildfire perimeters for the current fire season, including the most recent perimeters, are compiled from various sources. The data is refreshed from operational systems nightly to the public map. Wildfire data may not reflect the most current information and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when information is received and perimeter accuracy and detail will vary. The information is intended for general purposes only and should not be relied on as accurate for critical decisions. The location of wildfires may also change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
