Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. The accuracy of these perimeters ranges from very rigorby to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used to inform decisions.

Wildfire data from this location is updated when practicable and the occurrence of individual fire updates may vary. This information is provided for planning purposes only and should not be relied on as accurate because fires are dynamic and circumstances may change substantially on short notice. Timing within the mapped fire perimeters can vary widely.
