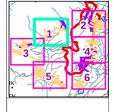
- Crown Agency



This map may contain CONFIDENTIAL information: for INTERNAL use only

**Disclaimer:**
Wildfire perimeters for the current fire season, including the most recent perimeters, are provided by various agency sources. The data is refreshed from operational systems nightly to the public map. Wildfire data may not reflect the most current information and therefore should only be used for informal purposes.

Wildfire data from the incident is updated when information is received from the various agency sources and will vary. This information is intended for general purposes only and should not be relied on as accurate or complete. The location and perimeter of wildfires can change quickly. The levels of control this activity within the mapped fire perimeters can vary widely.
