Disclaimer:
Wildfire perimeters for the current fire season, including the Out of Control perimeter, are provided by various sources. The data is refreshed from operational systems nightly to the public map. Wildfire data may not reflect the most current situation and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when particulars and the occurrence of individual fire updates are received. This data is provided for reference purposes only and should not be relied on as accurate or complete. The location and status of wildfires may change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
