This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including both active and control lines, are supplied from various sources. The data is refreshed from operational systems nightly. It is updated as wildfire activity progresses and is subject to change. Wildfire data may not be up to date for reference purposes.

Wildfire data from the incident is updated when practicable and the occurrence of individual fire updates may lag. The data is provided for internal use and for purposes only and should not be relied on as accurate because fires are dynamic and circumstances may change substantially in short periods of time. No wildfire fire footprint fire perimeters can vary widely.
