

Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. The data is refreshed from operational systems nightly to the public map. Inactive data may not reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when perimeter and the occurrence of individual fire updates will vary. The information is intended for general awareness only and should not be relied on as a sole source. Fires are dynamic and circumstances may change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
