Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. The data is refreshed from operational systems on a daily basis. The information is intended for use in the current fire situation, and therefore should only be used for historical reference.

Wildfire data from the incident is updated when processes and the occurrence of individual fire updates will vary. The information is intended for general reference purposes only and may not be accurate or complete because fires are dynamic and circumstances may change quickly. The levels of current fire activity within the mapped fires perimeters can vary widely.
