This map may contain CONFIDENTIAL information: for INTERNAL use only

**Disclaimer:**
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. Not all fires are mapped and some mapped fires are not rights to the public map. Wildfire data may not reflect the most current information and therefore should only be used for reference purposes.

Wildfire data from fire incident is updated when practicable and the occurrence of individual fire updates may vary. The wildfire perimeters are for general purposes only and should not be relied on as accurate because fires are dynamic and circumstances may change rapidly. The accuracy of the wildfire data within the mapped fire perimeters can vary widely.
