This map may contain CONFIDENTIAL information: for INTERNAL use only

**Disclaimer:**
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. Due to the dynamic nature of wildfire and restrictions on rights to the public map, Wildfire data may not reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the 'evident' is updated when information is received, however the accuracy of this data will vary. The information is intended for general reference purposes only and is not to be relied upon because fires are dynamic and circumstances may change quickly. Please verify conditions directly within the mapped fire perimeters can vary widely.
