This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including both ground and interior fires, are supplied from various sources. The data is refreshed from operational systems on a frequent basis. Perimeters may not accurately reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when practicable and the occurrence of individual fire updates may vary. The data is provided for internal use and planning purposes only and should not be relied on as accurate for any other purpose. Fire situations can change very quickly. The levels of control fire activity and the mapped fire perimeters can vary widely.
