This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including the most recent perimeters, are subject to change and inaccuracies. The data is refreshed from operational systems nightly to the public map. Wildfire data may not reflect the most up-to-date information and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when information is received and processed and is subject to change and error. The information is intended for general purposes only and should not be relied on as accurate or complete. The status of current fire activity can change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
