Disclaimer:
Wildfire perimeters for the current fire season, including the most recent perimeters, are subject to change from many sources. The data is extracted from operational systems nightly to the public map. Wildfire data may not reflect the most current information and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when perimeters and the occurrence of individual fire updates are received. Wildfire data is provided for reference purposes only and should not be relied on as accurate. Wildfire data is dynamic and the situation on the ground can change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
