Disclaimer:
Wildfire perimeters for the current fire season, including the most recent perimeters, are provisional and subject to change. The data is retrieved from operational systems and is updated frequently to reflect the best knowledge of the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when resources are available and may not reflect the fire situation at all times. The information is intended for general purposes only and should not be relied on as accurate. Fires may be active, dormant, or have been declared out of control quickly. The scale of current fire activity within the mapped fire perimeters can vary widely.
