This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:

Wildfire perimeters for the current fire season, including the most recent perimeters, are preliminary and subject to change. The data is extracted from operational systems and is provided "as is". It is the best data available at the time of the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when information is received and processed. Data may be missing or still vary. The information is intended for general purposes only and should not be relied on as accurate for navigation. The scale of current fire activity and the change quickly. The scale of current fire activity within the mapped fire perimeters can vary widely.
