Disclaimer:
Wildfire perimeters for the current fire season, including the Fire Perimeter Control Line, are supplied from various sources. The data is refreshed from operational systems on a daily basis. The wildfire perimeters are the best data for the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when practicable and the occurrence of individual fire updates may vary. The wildfire data is subject to change, is for purposes only and should not be relied on as accurate because fires are dynamic and circumstances may change rapidly. Areas of fire activity within the wildfire perimeter are mapped by perimeters can vary widely.
