% Host in stand	74.59

Pixel located on the edge of an attack sections. Pixel could have had a couple more attack and still been representative.

Sanitation and Salvage Harvesting Priority Rating

493.44 Some areas with live attack this value is higher.
Potential for Sanitation logging. Road upgrades would be required. More detailed assessment to determine if cable logging or winch assist methods are feasible in some areas. Combine with other polygons in area. Log, winter of 2019/2020 if feasible.
