Order to Establish Objectives for a Recreation Site, Recreation Trail or Interpretive Forest Site

Notice is hereby given that, pursuant to Section 6(3) of the *Forest Practices Code of British Columbia Act*, objectives for the following Ministry of Forests recreation sites, recreation trails and interpretive forest sites are to be established effective July 31, 1998:

Nanton Lake, Project 900-0136

The objectives are to manage the Nanton Lake Recreation Site for a roaded recreation experience. This site shall be managed as part of the Powell Forest Canoe Route. The campsite and trail will be maintained. Opportunities for swimming, camping, picnicking and canoeing activities will be provided. Gravel road access to the site will be maintained for two wheel drive vehicles from late April to early October.

Dodd Lake, Project 900-0137

The objectives are to manage the Dodd Lake Recreation Site for a roaded recreation experience. This site shall be managed as part of the Powell Forest Canoe Route. The campsite and trail will be maintained. Opportunities for swimming, camping, picnicking and canoeing activities will be provided. Gravel road access to the site will be maintained for two wheel drive vehicles from late April to early October.

Lois Lake, Project ~~900-0280~~

The objectives are to manage the Lois Lake Recreation Site for a roaded recreation experience. This site shall be managed as part of the Powell Forest Canoe Route. The campsite and trail will be maintained. Opportunities for swimming, camping, picnicking and canoeing activities will be provided. Gravel road access to the site will be maintained for two wheel drive vehicles from late April to early October.

Ireland Lake, Project 900-0292

The objectives are to manage the Ireland Lake Recreation Site for a semi primitive non motorised recreation experience. This site shall be managed as part of the Powell Forest Canoe Route. The campsite and trail will be maintained. Opportunities for swimming, camping, picnicking and canoeing activities will be provided.

Beta Lake Trail, Project 900-0294

The objective is to manage the Beta Lake Recreation Trail for a semi primitive non motorised recreation experience. The trail will be maintained. Opportunities for hiking are available, no mechanised uses permitted.

Goat Lake Project 900-0469

The objectives are to manage the Goat Lake Recreation Site for a semi primitive non motorised recreation experience. This site shall be managed as part of the Powell Forest Canoe Route. The campsite and trail will be maintained. Opportunities for swimming, camping, picnicking and canoeing activities will be provided.

Powell Forest Canoe Route Project 900-0488

The objective is to manage the Powell Forest Canoe Route for a semi primitive non motorised recreation experience. The route and portage trails will be maintained. Opportunities for canoeing, fishing, camping and hiking are available.

Appleton Creek Recreation Site and Trail Project 900-0489

The objective is to manage the Appleton Creek Recreation Site for a semi primitive, non motorised, day use recreation experience. Day use facilities will be maintained. The trail will be maintained. Opportunities for picnicking and hiking will be available, no mechanised uses permitted.

Okeover Trail Project 900-0495

The objective is to manage the Okeover Recreation Trail for a semi primitive non motorised recreation experience. The trail will be maintained. Opportunities for hiking and equestrian uses are available, no mechanised uses permitted.

Powell Lake Project 900-3001

The objective is to manage the Powell Lake Recreation Site for a semi primitive non motorised recreation experience as part of the Powell Forest Canoe Route. The campsite will be maintained. Opportunities for camping, picnicking, canoeing, and swimming will be available at the site. Access is by water.

Lost Lake Project 900-3006

The objective is to manage the Lost Lake Recreation Trail for a semi primitive non motorised recreation experience. The trail will be maintained. Opportunities for hiking are available, no mechanised uses permitted.

Spring Lake Project 900-3008

The objective is to manage the Spring Lake recreation site for a day use, roaded recreation experience. Day use facilities will be maintained. Opportunities for canoeing and fishing will be available at the site. No overnight camping.

Windsor Lake Project 900-3013

The objectives are to manage the Windsor Lake Recreation Site for a semi primitive non motorised recreation experience. This site shall be managed as part of the Powell Forest Canoe Route. The campsite and trail will be maintained. Opportunities for swimming, camping, picnicking and canoeing activities will be provided.

Middle Point Project 900-3016

The objectives are to manage the Middle Point Recreation Site for a semi primitive non motorised recreation experience. This site shall be managed as part of the Powell Forest Canoe Route. The campsite and trail will be maintained. Opportunities for camping, and picnicking activities will be provided.

Little Horseshoe Creek Project 900-3017

The objectives are to manage the Little Horseshoe Creek Recreation Site for a primitive non motorised recreation experience. This site shall be managed as part of the Powell Forest Canoe Route. The campsite and trail will be maintained. Opportunities for swimming, camping, picnicking and canoeing activities will be provided.

Lower Powell Project 900-3018

The objectives are to manage the Powell Lake Recreation Site for a primitive non motorised recreation experience. This site shall be managed as part of the Powell Forest Canoe Route. The campsite and trail will be maintained. Opportunities for swimming, camping, picnicking and canoeing activities will be provided. Access by water on Powell Lake, or by trail from Inland Lake.

Nanton - Ireland North Project 900-3019

The objectives are to manage the Nanton - Ireland North Recreation Site for a semi primitive non motorised recreation experience. This site shall be managed as part of the Powell Forest Canoe Route. The campsite and trail will be maintained. Opportunities for swimming, camping, picnicking and canoeing activities will be provided.

East Lake Project 900-3020

The objective is to manage the East Lake Recreation Site for a day use, semi primitive non motorised recreation experience. Day use facilities will be maintained. Opportunities for picnicking and swimming will be available at the site. No overnight camping.

North Dodd Lake Project 900-3022

The objectives are to manage the North Dodd Lake Recreation Site for a semi primitive non motorised recreation experience. This site shall be managed as part of the Powell Forest Canoe Route. The campsite and trail will be maintained. Opportunities for camping, and picnicking activities will be provided.

Beaver Lake Project 900-3023

The objectives are to manage the Nanton - Ireland North Recreation Site for a semi primitive non motorised recreation experience. This site shall be managed as part of the Powell Forest Canoe Route. The campsite and trail will be maintained. Opportunities for swimming, camping, picnicking and canoeing activities will be provided.

McMurray Bay Project 900-3211

The objective is to manage the McMurray Bay Recreation Site for a primitive recreation experience. A campsite will be developed and maintained when use patterns warrant. Opportunities for camping and picnicking will be available at the site. Access by water.

Big Tree Project 900-5890

The objective is to manage the Big Tree Recreation Site for a semi primitive non motorised, wheel chair accessible recreation experience. The day use area and trail developed in 1998 shall be wheelchair accessible and will be maintained. Old trails running through the area shall not be developed or maintained. Opportunities for picnicking, and hiking will be available at the site.

Inland Lake Recreation Site Project 900-0470

The objective is to manage the Inland Lake Recreation Site for a roaded, wheel chair accessible recreation experience. Opportunities for swimming, camping, picnicking and canoeing activities will be available.

Loon Lake Trail Project 900-3005

The objective is to manage the Loon Lake Trail for a semi-primitive non motorised, wheelchair accessible recreation experience. The hardened trail features will be managed and maintained. Opportunities for nature walking and exploring activities will be available. Motorised vehicles are not permitted along the trail except for maintenance, rehabilitation, fire protection, emergency and monitoring.

Sweetwater Trail Project 900-6227

The objective is to manage the Sweetwater Recreation Trail for a semi primitive non motorised recreation experience. The trail will be maintained. Opportunities for hiking are available, no mechanised uses permitted.

Dated 981125.

District Manager, Sunshine Coast Forest District
