Re: Establishment of Recreation Sites and Recreation Trails

As requested by you over the last few months, and in accordance with Section 6(1) of the *Forest Practices Code of B.C. Act* (the Act), the Chief Forester has established 97 recreation sites and 24 recreation trails, effective July 31, 1998. Copy of order attached.

In accordance with Section 6(3) of the Act, objectives must be established within six months of the effective date of the order to establish the sites and trails. Forest Practices Branch staff are available to assist your staff in the development of the site and trail objectives.

The Forest Practices Branch is required to publish a notice announcing these establishments in the B.C. Gazette (attached). Districts are required to publish a similar notice in a newspaper as per the requirements of Section 8 of the Strategic Planning Regulation.

For further information on the administrative processes and responsibilities for site, trail and objective establishment refer to the document; *Higher Level Plans: Policy and Procedures*, chapter 7.
