Ecological Resource Zonation Map

- Legend**
- Gitwangak Watershed
 - Community Watershed
 - I.R.
 - Park
 - Private ownership
 - Roads
 - Trails
 - Railway
 - Creeks
 - Contour - 20m
 - Floodplain
 - Rivers
 - Water licence
- Operability**
- Operable
 - Operable: No access
 - Operable: Poor access
- Cedar/Kiteen Special Management Zone (SMZ)**
- Polygon A Full Retention
 - Polygon B Partial Retention

- Ecological Zonations**
- Ecosystem Network Core Reserve
 - Ecosystem Network Buffer
 - Not hydro-riparian zones
 - Old Growth Management Area
 - Water Management Unit
- The Ecosystem Network Core Reserve is the Hydroniparian Zone of the Skeena River and main tributary valleys. Exceptions are 10 short steep slope sections along the Skeena and Kitiwanga Rivers, directly adjacent to Highway 16, CNR, and IR boundaries where the Ecosystem Network boundary has been widened beyond the Hydroniparian Zone boundary to protect infrastructure and Indian Reserve lands.
- Ecosystem Network Core Reserve and Ecosystem Network Buffer boundaries are not applicable to private property and Indian Reserve land.
