

PCMP 210 Online Competencies

- Draw Up, Award, and Execute Contract
- Debrief Proponents
- Management of Agreement
- Certification and Payment

PCMP 210 Online Course Description

Focuses on preparing accurate contract and solicitation documentation for your ministry procurements. You will explore the government resources, templates and guidelines available to assist you, and will get experience customizing contract schedules, preparing for debriefings and handling transition issues. Participants will work on-line on individual assignments and contribute to class discussions.
