NOTICE TO ALL LOG EXPORTING AND INTERESTED PARTIES

Please be advised that due to a continued lack of demand in the domestic balsam high-grade log market, the Timber Export Advisory Committee has recommended that this sort be allowed to be advertised for a temporary period up to and including the December 23, 2011, bi-weekly listing.

Therefore, starting immediately and until December 20, 2011 the Coast Forest Region will be accepting applications for exemption to export unmanufactured timber products, using the harvested surplus test, which include balsam grades D and F.

Sincerely,

Dave Peterson, RPF
