

Downloading Seedling requests
into
Plantwizard from SPAR

October 24, 2007

Step 1

First go to SPAR, click reports, then float over extracts, then click "Seedling Request Extract"

Step 2

Then choose the appropriate sowing year and funding source, then click “submit”

IDIRAPOWELSO - Seed Planning and Registry (SPAR) - Microsoft Internet Explorer provided by Shared Services BC

Step 3

Once you receive and save the csv file from SPAR in your email go to plant wizard, open planting plan and click on "seedlings"

Step 4

Click import, choose import from SPAR CSV file, choose file, click "next" on the pop-up screen, then click "finish"

Step 5

Go to Seedling allocation, Select appropriate seedlings for planting projects or use "auto allocate" tool

Plant Wizard - H:\Work\FFT\Reforestation\Plantwizard\2007_2008\FFT_Branch.mdb
