

RSM Riparian/SLBD Training Schedule, 2005

The trainers will be Bryce Bancroft, Dean McGeough and Ken Zielke for stand level biodiversity and Derek Tripp, Dean McGeough and Bryce Bancroft for riparian. For the June 13-16th session in Williams Lake Nancy Densmore and/or Richard Thompson will be conducting the stand level biodiversity training. It has been decided from a logistics point that the riparian training should take place at the first part of the week. The timing for the riparian training will be roughly 3 days from Tuesday to Thursday. The stand level biodiversity training will be on the Friday. This gives the contractor(s) a chance to look at the site(s) on the Monday prior to commencement of training, and attendees to travel on the Monday instead of the weekend.

Region	District	Primary Contact	Alternate Contact	Riparian			Stand Level Biodiversity		
				Date	Trainer	Location	Date	Trainer	location
SIFR	Williams Lk.	Kerri Howse DCC	Ray Leduc	Jun 13-15 th	Derek Tripp	Williams Lake	Jun 16 th	Nancy or Richard	Williams Lake
