

Yellow: Streams outside of fall line boundary				
Stream Reach	Classification	Stream Type	RRZ(m)	RMZ(m)
724-1	S4	2	43	21.5
436-2(1)	S4	2	43.7	21.9

Avoid parking or servicing equipment within the RRZ

- Field Marking

Riparian Mgmt.

Road Const.

Windthrow Mgmt.
- Blue/White Stripe (S6, S5), Red/White Stripe (S1, S2, S3, S4)

Streams are within WTP or outside of cutblock.

Remove spanned trees and install culverts concurrent with road construction.

Avoid, where possible, construction of turnouts within RRZ and RMZ.

Fall and yard away where possible

Install appropriate sumps and turnout ditches to minimize sedimentation

As required by logging plan map or residual stand is expected to remain windfirm.
