

FREP CI Session - February 28th & March 1st, 2023

AGENDA

Location: Richmond, BC

Venue: Radisson Vancouver Airport Hotel

Virtual Attendees: See links embedded in agenda below

Theme: FREP Past, Present and Future- The Importance of Monitoring

The purpose of the annual FREP CI Sessions is to provide opportunities to:

- continue to build and strengthen our working relationships;
- review and discuss our successes and challenges—looking for opportunities to improve all aspects of FREP;
- review and discuss some of the monitoring and evaluation results from the past field season; and
- provide an opportunity for all people involved in the program to contribute their voice to how the program continues to develop.

Adjourn Day 2 at 4:30pm

Your CI Session Planning Team:

Jill Werk, Dave Maloney, Lisa Nordin, Christine Galliazzo, Chris Lohr, Jason Yates, Cliff Nietvelt, Murray Estlin, Fern Grenier, Daryl Flindt

Instructions for Breakout Sessions on March 1, 2023

- There will be 3 separate rotations (20 minutes each) where participants will choose one of the following values to attend at each rotation:

Value	Value Lead	*Virtual attendees join by clicking on the MS Teams Links below:
Visual Quality Effectiveness Evaluation	Jason Yates	<p>Join on your computer, mobile app or room device Click here to join the meeting Meeting ID: 287 619 370 518 Passcode: uC8mSi Download Teams Join on the web Or call in (audio only) +1 778-401-6289,,831093480# Canada, Victoria Phone Conference ID: 831 093 480# Find a local number Reset PIN Toll-free (audio only): 1-888-600-3289 Learn More Meeting options</p>
Water Quality Effectiveness Evaluation	Dave Maloney	<p>Join on your computer, mobile app or room device Click here to join the meeting Meeting ID: 243 949 044 769 Passcode: hfRz4G Download Teams Join on the web Or call in (audio only) +1 778-401-6289,,158022866# Canada, Victoria Phone Conference ID: 158 022 866# Find a local number Reset PIN Toll-free (audio only): 1-888-600-3289 Learn More Meeting options</p>

Cultural Heritage Resources	Christine Galliazzo	<p>Join on your computer, mobile app or room device Click here to join the meeting Meeting ID: 235 924 478 562 Passcode: BjlF5L Download Teams Join on the web Or call in (audio only) +1 778-401-6289,101836549# Canada, Victoria Phone Conference ID: 101 836 549# Find a local number Reset PIN Toll-free (audio only): 1-888-600-3289 Learn More Meeting options</p>
Stand Level Retention	Doug Lewis	<p>Join on your computer, mobile app or room device Click here to join the meeting Meeting ID: 217 628 376 935 Passcode: fKX9j6 Download Teams Join on the web Or call in (audio only) +1 778-401-6289,269556508# Canada, Victoria Phone Conference ID: 269 556 508# Find a local number Reset PIN Toll-free (audio only): 1-888-600-3289 Learn More Meeting options</p>
Riparian	Lisa Nordin	<p>Join on your computer, mobile app or room device Click here to join the meeting Meeting ID: 237 432 855 153 Passcode: a3xmMB Download Teams Join on the web Or call in (audio only) +1 778-401-6289,636936307# Canada, Victoria Phone Conference ID: 636 936 307# Find a local number Reset PIN Toll-free (audio only): 1-888-600-3289 Learn More Meeting options</p>

- In total, participants will attend 3 of the 5 values of interest to them.
- Each “rotation” (session) will be 20 minutes in length.
- There will be ~5 minutes between rotations for people to move to the next value of choice, or to connect to the different MSTeams Link for the next value of choice for virtual attendees. Virtual attendees, please ensure you exit from one virtual link before attempting to join the next link.
- There will be a technical support person at each table who will record discussion points.
- **Target of 15 people per table, per rotation* (this includes virtual attendees)**
- At the end of the last breakout session, virtual participants can rejoin the main meeting by re-joining the Day 2 link found at the start of the agenda for Day 2.

Discussion Points for the Breakout Sessions

Regarding your experience with each protocol in 2022:

- What worked well?
- What didn't work well?
- Opportunities for improvement?
- What support do you need to meet target sample #'s? (besides sending in a contractor?)
- Based on years of sampling, how can we streamline processes and/or update protocols to reflect training / field efficiencies?
- Initial conversations about how we incorporate Indigenous values to each protocol.
- Considerations for random vs. targeted sampling for each value.
