

Session objectives

- Explain and discuss the changes in the business process for submitting *FRPA* stocking standards
- Demonstrate the FSP Tracking System in handling stocking standards
- Demonstrate a consistent approach for handling the scenarios presented

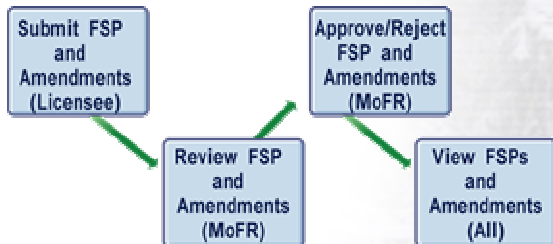

4

Entering *FRPA* stocking standards

Overview

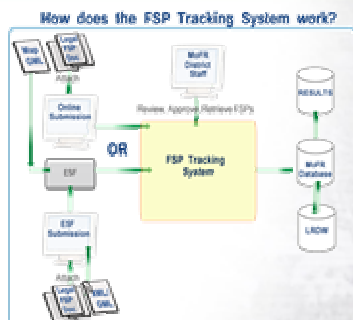

5

What does it do?

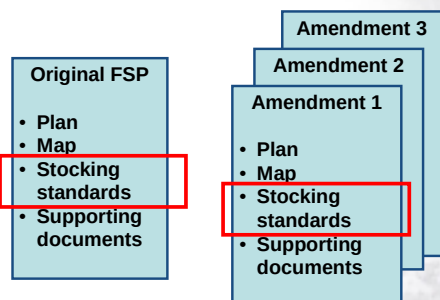

6

Architecture

7

Amendments to an FSP

8

Entering *FRPA* stocking standards

Revised Business Process

9

Revised business process

Ministry of Forests and Range

- **Stocking Standards for Code blocks and woodlots**
 - maintain in RESULTS (no change)
 - cannot be used in FSP blocks
- **Stocking Standards for FRPA blocks**
 - Licensee/BCTS submit or enter into FSP Tracking System
 - **Stocking standard ID assigned**
 - Approved and passed to RESULTS when FSP approved

10

Implications

Ministry of Forests and Range

- **Enter FSP stocking standards into FSP Tracking System**
 - Must be entered before FSP is marked as approved
- **Minimal change management**
 - Data entry same in FSP Tracking System and RESULTS
 - Continue to use RESULTS functionality for silviculture reporting
- **Paper-based submissions**
 - Must be entered into the FSP Tracking System and FSP marked as approved before stocking standards are available in RESULTS

11
