

FSP Tracking System Newsletter

Dec 9, 2010

Newsletters are posted at <http://www.for.gov.bc.ca/his/fsp/communiques.htm>. Please share with industry and government colleagues who may have an interest in the FSPTS.

1. Introduction

If you have suggestions for future issues or comment on this one, please let us know. As well, if you want off the mailing list or have additions to the mailing list, email us at the address shown at the bottom of the newsletter.

2. Release 1.5 Progress

The work on Release 1.5 of the FSP Tracking System is progressing well. There have been some minor delays however we expect final release to be by March 31. We are also working on updating the training and support material in preparation for the release.

As you may recall, this release will add functionality for FSP extensions. If you have an FSP extension due prior to completion of version 1.5, please follow the procedures outlined in Newsletter #1 available at http://www.for.gov.bc.ca/ftp/his/external/!publish/fsp/communiques/newsletter_201003.pdf.

3. Contracted Services for FSPTS Support

We have set up a new contract for support services. These services are available until March 31 or until our funds run out. This year, Forsite Consultants will be providing the services and the services include help for spatial, stocking standards and other aspects of the FSPTS. The services are available to government, BCTS, and licensee staff. To access this service, contact the FSPTS contact person in the district office or Paul Picard (contact information at bottom of newsletter).

4. New Staff at Forest Tenures Branch

We have a new staff member at Forest Tenures Branch... Paul Picard is joining us and is taking over responsibilities for the FSP Tracking System. Please contact Paul with your FSPTS questions (contact information is shown at the bottom of the newsletter).

5. When Can Your District Expect FSP Expiries?

Paul has reviewed the data on FSP expiries and created a document that shows FSP expiries by district – a very useful tool to use in preparing for the upcoming wave of expiries. This document is appended to the end of the newsletter. The raw data that document is based upon is available at <http://www.for.gov.bc.ca/his/fsp/business.htm> and is entitled “Provincial FSP’s”.

6. FSPTS District Contacts

The FSPTS district contacts list is posted on the [FSPTS main page](#) under the heading “Provincial Contacts”. Here is a direct link: http://www.for.gov.bc.ca/ftp/his/external/!publish/fsp/FSPTS_District_and_Region_Contacts.xlsx. If you are aware of any errors on this list, please let us know.

Contacts for this newsletter or the FSPTS:

Del Williams R.P.F. Timber Tenures Forester
Forest Tenures Branch, Ministry of Forests, Mines & Lands
Tel: 250-356-9361
Del.Williams@gov.bc.ca

Paul Picard, RPF, MSc, Timber Tenures Forester
Forest Tenures Branch, Ministry of Forests, Mines & Lands
Ph 250-357-8328
Paul.Picard@gov.bc.ca

NOTE: There are 34 FSP duplicates in the total below (223 unique FSPs in the total of 257) because some FSPs apply/overlap multiple districts.
