

FSP Tracking System Newsletter

April 26, 2011

Newsletters are posted at <http://www.for.gov.bc.ca/his/fsp/communiques.htm>. Please share with industry and government colleagues who may have an interest in the FSPTS.

1. Introduction

There are 2 items in this newsletter, first a bit on the FSPTS support contract, and second a **BIG** update on FSPTS extensions capability.

2. FSPTS Support Contractor

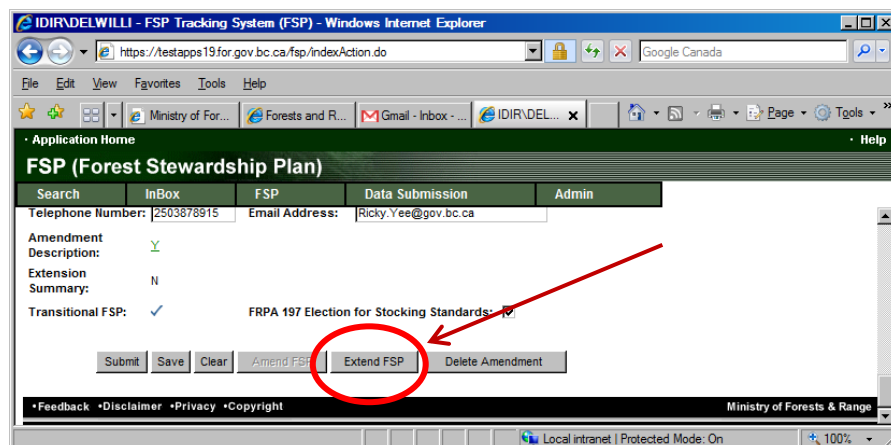

The support contract is over for another year. We have no assured funds for a continuation of the contract, so we hope that all who needed aid in inputting data were able to take advantage! Thanks to Richelle Storla at Forsite and in past years Joanne Pickford for their expertise in helping with data input and unusual FSPTS problems.

For those who still need help, there are avenues described in Newsletter #2 available at http://www.for.gov.bc.ca/ftp/his/external!/publish/fsp/communiques/newsletter_20100504.pdf. As well, there are consultants available who can very cost-effectively deal with data input. Both Richelle and Joanne are leading experts on the FSPTS and are available for contract work. Their contact information:

3. FSP Extensions Capability

The FSP extension module is now available! The visible changes to the FSPTS are quite minor – you will now see an “extend” button on the main FSPTS information screen (FSP 300 screen):

If you click on this, it will open up this page where you can describe the extension, attach an extension request, and specify the term. When you hit the submit button, the extension request is relayed to the district office – no need for paper.

Guidance on extending an FSP is available in the [Administrative Guide to FSP's](#) (Volume 2). Additionally, we will soon have information on extensions available on this website: <http://www.for.gov.bc.ca/hth/frpa-admin/frpa-implementation/index.htm>.

We have also prepared a new FSPTS guide for extensions and a quick reference card. These are available on the FSPTS web site: <http://www.for.gov.bc.ca/his/fsp/>

If you have any questions, please contact us (contact information below). Please note that Paul will be out of office until June 13, but Del will be available.
