THUNDERSTORM WARNING - CARIBOO FIRE CENTRE

DATE – 1600 PDT Saturday, August 07, 2021

TIME – now through 2200h

LOCATION – 100 Mile Zone, plus southern regions of Chilcotin and Central Cariboo Zones

SYNOPSIS – Isolated thundershowers are currently developing in southern regions of the Fire Centre, and are expected to continue and spread eastward into the evening. Locally heavy downpours are possible along with erratic and gusty winds. Storms are expected to dissipate into the late evening to near midnight.

INSTRUCTIONS TO CREWS:

Strong winds will produce erratic fire behavior.

Locally heavy downpours could create changing or slippery road/land surfaces.

All crews will continually assess escape routes and safety zones, beware of falling trees.

Pilots should consider landing at an appropriate facility upon encountering severe winds.

Cariboo Fire Weather Forecaster: Christina Van Eaton (250) 872-2115
