UPDATE: Flood Warning: Liard River
Issued: 10June2012 12:00PM

The BC River Forecast Centre is **maintaining** a **Flood Warning** for:

- **Liard River at Upper Crossing (near Lower Post)**
- **Liard River at Lower Crossing**

The Liard River at Upper Crossing (10AA001) crested at 7.96m at 2AM this morning (>50 year flow). The river is now slowly receding, however is expected to remain elevated through today, and into Monday.

The Liard River at Lower Crossing (10BE001) is holding steady at 7000 m^3/s, and is expected to remain elevated into next week.

The River Forecast Centre will continue to monitor conditions and will provide updates as conditions warrant.

A ***High Streamflow Advisory*** means that river levels are rising or expected to rise rapidly, but that no major flooding is expected. Minor flooding in low-lying areas is possible.

A ***Flood Watch*** means that river levels are rising and will approach or may exceed bankfull. Flooding of areas adjacent to affected rivers may occur.

A ***Flood Warning*** means that river levels have exceeded bankfull or will exceed bankfull imminently, and that flooding of areas adjacent to the rivers affected will result.
