## BC River Forecast Centre (<http://bcrfc.env.gov.bc.ca/>)

---

**ENDED: Flood Watch: Peace Region-Northern Rockies**

**Issued: 09June2012 11:45AM**

The BC River Forecast Centre is **ending** a **Flood Watch** for:

- **Peace Region**
- **Northern Rocky Mountains**

River levels in the Peace Region and Northern Rockies have been receding over the past day, and rivers are now below levels of concern.

**Flood Warnings** are still in effect for the **Liard River** and **Upper Fraser River**. See separate warnings on the River Forecast Centre website (<http://bcrfc.env.gov.bc.ca/warnings/index.htm>) for details.

The River Forecast Centre will continue to monitor conditions and will provide updates as conditions warrant.

---

A **High Streamflow Advisory** means that river levels are rising or expected to rise rapidly, but that no major flooding is expected. Minor flooding in low-lying areas is possible.

A **Flood Watch** means that river levels are rising and will approach or may exceed bankfull. Flooding of areas adjacent to affected rivers may occur.

A **Flood Warning** means that river levels have exceeded bankfull or will exceed bankfull imminently, and that flooding of areas adjacent to the rivers affected will result.
