Dear Mr. Rosen:

Further to the submission of proposed Sustainable Forest Management Plan (SFMP) No. 4 for Tree Farm Licence (TFL) 48, dated September 26, 2006, the Ministry of Forests and Range has now completed its review.

Canadian Forest Products Ltd. has satisfactorily addressed concerns identified by Ministry of Forests and Range staff and no concerns were expressed by the resource agencies during the review of draft SFMP No. 4. First Nations' consultation has also been satisfactorily completed, including additional consultation with Treaty 8 First Nations regarding maintenance and deactivation of roads.

Therefore, in accordance with Paragraph 2.28 of the current TFL 48 agreement, the following portions of SFMP No. 4 for TFL 48 are approved as Management Plan No. 4 for TFL 48, for the period October 15, 2006 to September 31, 2011:

- All proposed management plan content requirements referred to in Paragraph 2.27 of the TFL 48 agreement and listed in Appendix 4 (Cross Reference Table of MFR and CSA Requirements) of SFMP No. 4, including Section 1 of SFMP No. 4.
