

What's New for Version 2.13.00 - August 2007

The following recent upgrades have been made to the ECAS application:

Category 1 - Fixes & business validation refinements

Interior Attachment (ECAS70)	Fixes to attachment screen errors when multiple .zip files are attached.
Interior Acknowledgement (ECAS61)	Corrected bug on Acknowledgement screen when submitting a woodlot road management cost. A warning now appears to correct the management cost before allowing the submit to complete. Error message no longer appears.
Coast and Interior Reference screens (ECAS30 and ECAS60)	Delete Appraisal button does not error off when comments exist.

Category 2 – Enhancements (user-friendliness)

--	--

Category 3 –Policy upgrades

COAST

--	--
