

What's New, Version 1.4

1. Welcome Screen

An application information link is provided. Clicking on this link will take users to the Ministry Waste System home page which provides the latest system updates.

2. Email Notification to District

When a user submits an annual plan, reporting unit or block, an email notification will be automatically sent to the district staff responsible.

3. Waste 205 - Ocular Estimate

The (m³/ha) estimate field has been lengthened to 99999.9.

4. Plot Piece Listing Report

The reporting of plot piece volumes by strip has been fixed.
