FMLT Meeting Notes

Date: October 27th, 2010

Time: 1:00 – 3:00 PM

Place: Chilliwack Forest District Office, Fraser Room

Attending:

Allan Johnsrude, Brian Taylor, Ed McWaters, Leonard Feldes, Kim Allan (by phone), Doug Campbell

Agenda:

1) Endorse ToR. Allan Johnsrude led discussion and no outstanding concerns with ToR. Group agreed to endorse.
2) Review and discussion of sub-group report outs:
    I. **Digital information**
    Ed McWaters (lead): confirmed work had occurred but unable to complete for reporting due to field season priorities.

    Action: Ed to report out next meeting.

    II. **Public review process, public education, information sharing**
    Allan Johnsrude for Terry Sullivan (lead): reviewed the document provided by the group and received the following recommendations.
        a. Develop the process outlined under point #1 specifically for the "Red Zone" with the option to use for all areas in District.
        b. Points #2,3,4 – uncertain if licensees are ready for this despite the need to communicate at the FDU level. Need to move it ahead for the betterment of the TSA, industry and potentially economics and efficiency. Best area to support is in the Operating Areas discussions.
        c. Points #5,6,7 – links well to # 1 approach and possibly looking to MFR to lead #7. Consider use of Google Earth and ensuring approach is cost effective and simple.

    Action: Terry to Lead group in furthering the discussions to a potentially draft product for January meeting.

III. Professional due diligence, rationales

Kim Allan (lead): reviewed document as provided which is an excellent summation of information provided online as well as commentary specific to Fraser TSA. Recommend communication via ABCFP held ½ day session. Keep the information local regarding rationales and possibly incorporate FREP information as well.

Action: Allan to follow-up with ABCFP regarding a potential February half day professional development workshop.

5) **Discussion of proposed Open Burning and Smoke Control reg**.

Information provided and no further follow up required.

6) Next meeting:

Next meeting: January 14th 2011. 1pm Fraser Room
