

DSI Forest Management Leadership Team

Active Rolling Action Items Schedule

Next FMLT Meeting: March 8, 2013

Subject	Lead	Due	Status/Actions/Outcome
District Tenure Map	Darryl Slater	March 8	Darryl to send draft tenure map Jan 11 to licenses for review and comment. Licensees to provide feedback by Feb 6. Replaceable FL holders and BCTS to delineate on the Arrowsmith TSA portion of the district map their operating area and forward to Darryl Slater before next mgmt meeting.
Land Based Investment Program	FMLT	Spring 2013	FMLT to review the funding allocations in the spring and determine a priority list.
	Gilbert Richir	March 8	Gilbert to contact Kevin Telfer for ETA on plan and program status update.
SEDRESS –table for multi layer stocking standards. Update on SEDRSS implementation in Coast Region	Gilbert Richir	March 8	Craig Wickland to be invited to next FMLT to discuss development and implementation of SEDRESS.
TFL-44 Salvage Pilot	FMLT	March 8	TFL licensees to forward any comments on the TFL 44 exemption pilot to Rhonda. Upcoming FMLT field trip could look at some of the openings where WFP received exemptions were granted.
Forest and Range Evaluation Program (FREP)	Gilbert Richir	March 8	Overview of FREP trends for DSI.
Spring 2013 field trip	FMLT	March 8	Discussion of field trip topics: areas where FSP alternative results/strategies are being practiced, salvage project, 2 nd growth harvesting,

Arrowsmith TSR 4. Update on preliminary work	Darryl Slater	March 8	<p>TSR moved up to 2015/16 from 2019 because of concerns expressed by licensees that the AAC is difficult to find on the ground.</p> <p>Darryl Slater will be district lead working alongside Jim Brown and Arrowsmith licensees.</p> <p>First step is to develop work plan and secure necessary resources.</p> <p>In last AAC determination, Chief Forester raised a number of questions/points that need further investigation before putting together data package.</p>
Elk Management Plan	WFP and Mike Stalberg	March	<p>WFP invited Mike S. to discuss areas within the TFL 44 where they have observed elk populations with pop'n estimates.</p> <p>Mike S. revising draft Elk Mgmt Plan based on comments received. Revised plan likely available March 2013.</p> <p>Mike S. can mine Results data to identify openings where elk damage has been reported. This info could help identify areas to focus the elk inventory work (.e.g aerial surveys)</p> <p>Mike S. to consider developing a wildlife observation data sheet that licensees could voluntarily fill out and submit to assist in collecting data on wildlife species such as elk.</p>
Blanket Salvage Project	Gilbert Richir	May 10	<p>Invite Paul Piccard to discuss project status/results at May meeting.</p>
Possible additional agenda topics for next FMLT		<p>Future meeting</p> <p>Future Meeting</p>	<p>Revisit TORs and membership for FMLT</p> <p>FSP extensions and FSP monitoring – effectiveness of results/strategies, exploring alternative strategies</p>
