Hi Todd,

I appreciate all the work you did calculating the scale of cutblock alteration on the photographs. I'm preparing for a meeting with the new district manager in South Island. Would you also be able to create a basemap showing the established VQO polygon and viewpoint locations? VSU #1720 labelled with its polygon number and established VQO "Partial Retention". Below are the lat/long coordinates (degrees, minutes, seconds) of the 5 viewpoints. I plan to eventually attach the basemap to my report so it needs to be legible when printed on 8.5x11 inch paper.

<u>Viewpoint</u>	<u>GPS north</u>	<u>GPS west</u>	<u>raw %</u>	<u>Bearing</u>	<u>Adj %</u>	<u>Lens</u>	<u>Dist.</u>
