

NOTICE OF ROAD CONSTRUCTION ACTIVITY

RAINBOW FOREST SERVICE ROAD

All users of the Rainbow Forest Service Road, from the junction of the Germansen 'North' Road to kilometer 30, where the road becomes the 'North Phillips Forest Service Road (kilometer 70), please note the following important safety information.

- Terrane Metals is commencing road upgrading works on the Rainbow Forest Service Road commencing June 8th, for at least 3 months.
- During this time the road will be subject to heavy industrial reconstruction activity, and only be accessible for public use **from 12 Noon to 100 PM DAILY**
- The approved radio channel on the Rainbow Forest Service Road for truck to truck communications is changing **from "LAD 1 -154.100" to "Mt Milligan Road - 169.65" – effective JUNE 7th, 2010.**
- **The approved radio on the North Phillips Forest Service Road (starting at kilometer 70) is "Clear Lake – 153.20"**
- All users must use extreme caution, as the road conditions will vary and heavy industrial equipment will be operating.
- There will be no "on site" hiring or purchasing for the road project. Persons arriving at the work site without prior authorization will be asked to leave for safety reasons. Individuals seeking employment or contracting opportunities can continue to list their services and interests on Terrane Metals Corp, website under the 'Public Affairs' menu.
- Access to Mt Milligan Lake (also known as "Heidi Lake") is restricted under the Health Safety and Reclamation Code of British Columbia (*Mines Act*) since road access passes through the mine lease area. Recreational anglers will regain access the lake in the future via a foot and ATV trail being built by Terrane Metals that should be completed by the fall of 2010, following receipt of the necessary permits.
- For further information – please contact:
