

Extended Road Amortization Agreement

This document constitutes an agreement to apportion part of the stumpage appraisal development cost estimate as per Section 4.3.1.1.5 of the Interior Appraisal Manual. The cost estimate will be apportioned to various tributary cutting authorities approved by the Regional Executive Director or their designate. The initial agreement must be reviewed and approved by the Regional Executive Director or designate before it can be included in the appraisal. The specified total cost estimate amount must not be exceeded. The cost estimates shown below are for the actual works in the year of _____ and will be trended accordingly.

This agreement is made for appraisal purposes only and in no way construes an obligation on behalf of either party to ensure that the estimated costs will equal the actual costs of construction.
