

Pine Dominated Forest Cover Rocky Mountain - south (Cranbrook) District Southern Interior Forest Region

Forest Districts

Watershed Atlas 50K

Harvest / Vegetation Disturbance

Pine (40% and greater)

Parks and Protected Areas

Forest Service Road

Road Permit

Roads - other

Rail Line

Area summaries are available as a separate table. The summaries are by watershed. The table associated with this map is called: [Watershed_Summary_Rocky_Mountain.xls](#)

NOTE:
Some disturbance Areas have Regenerated Pine Loading. As a result, these areas are included in both Pine and Disturbance Area Summaries.

Forest Cover data for TFL's and Parks are not included.
Logging data extracted from whse_forrest_vegetation.veg.comp.poly and is the best available data at the time. Please note there may be inconsistencies in this data.
