

Contract # IM24TLH005

Questions & Answers

Question 1: Who is the planting contractor?

Answer 1: [Torrent Silviculture.](#)

Question 2: What is the scheduled start and end date of the plant?

Answer 2: [Planting to occur within the summer planting window \(July 5 to July 31\).](#)

Question 3: How many trees are being planted?

Answer 3: [Estimated 810,000 trees.](#)

Question 4: If an area fails pay plots and the planting contractor goes back to improve planting are we compensated to redo the plots?

Answer 4: [In the rare event a rework is approved to be completed by the ministry contract coordinator, compensation will be provided to the implementation contractor where plots need to be redone.](#)

Question 5: On the tender offer sheet there are items 1-3 with estimated quantity, but no survey type. It is just unclear as to what these line items represent for how they would be invoiceable. What are these tender line items supposed to represent, the administration and implementation portion of the contract, or something else?

Answer 5: [These lines represent the daily planting implementation portion of the contract; they are grouped by ranges odd block sizes and are intended to have a unit price \\$/ha.](#)

Question 6: There appear to be 2 maps missing, A80544-1 and A80544-2, can these be added to the FTP?

Answer 6: [These blocks were dropped from the contract. An addendum is to be posted with changes.](#)
