Note, this block is steep with slopes of 20 to 30%.	4mGJATV
Note, this block is steep with slopes of 30 to 35%. The lower portion of the block is very rocky. Also note that the in-block roads and high lead spur trails have been deactivated and logs put across the trails and roads.	4mGJATV
Note SU 3 PH is only acceptable, so ensure that there is no more than 10% PH. This block is steep with slopes of 25 to 30%. The SW portion of the block is very rocky. Some of the in-block roads and high lead spur trails have been deactivated and logs put across the trails and roads, plant these areas. Also note that PU 1 is a all three SU's.	4mGJATV
