1 - Licence Issued - TSL term commences. May be extended to a maximum of 4 years total from this date unless licence prohibits extensions.

2 - Logging Started - Contact Licensee for operational information. Consult with licensee for fibre access opportunities.

3 - TSL Expiry date - Planned date. May be extended to a maximum term of 4 years from Licence issued date.

4 - Logging complete - The licensee has completed logging and hauling. Consult with licensee about fibre recovery or salvage opportunities.

5 - Licence closed - Logging and hauling is complete, the licensee has met all license obligations (including road deactivation). Consult with the District to inquire about fibre recovery or salvage opportunities.
