Cengea SU/Ecology/Strata Naming Conventions

SU in Cengea Resources(in summary tab)	SU TYPE in Cengea Resources	STRATUM NAMING (PRODUCTIVE)	
1, 2, 3 etc	**PROD**	**See explanation to right**	Stratum naming to follow SU designation. SU's should be numbers; stratums are letters (eg. SU1 stratum A).
1, 2, 3 etc	**-**	**Ecology**	All ecology units must be assigned corresponding to the Standard Unit. (eg. 1, 2)
		STRATUM NAMING (NON - PRODUCTIVE):	
PAS	**NPPERMACC**	**PAS**	Permanent access structures.
ROCK	**NPROCK**	**NPROCK**	Non-productive rock
NPN	**NPS**	**NPS**	Non-productive swamp
NPN	**NPOR**	**NPOR**	Non-productive open range
NPBR	**NPOTHER**	**NPBR**	Non-productive brush
NPN	**NPNAT**	**NPNAT**	Non-productive natural
NPOTHER	**NPOTHER**	**NPCU**	Non-productive cultural
TRAIL	**NPUNN**	**TRAIL**	Trail
		STRATUM NAMING (RESERVES)	In the inventory label use RES for status and NAT for type to avoid getting dates for these strata
WTRA	**WTRA**	**WTRA**	Wildlife tree retention area (old FDP blocks will be WTP/WTP)
RES	**RESRV**	**RSRV**	Reserve. For the leave area on group selection blocks use type = O for other and obj.= TIM for timber.(For legacy purposes only)
NHZ	**NHZ**	**NHZ**	No harvest zone
NPOTHER	**NPOTHER**	**FENC**	Fence

ATU COMBINATIONS

ACTIVITY	BASE	TECHNIQUE	METHOD	OBJECTIVE
Disc Trenching	SP	ME	DISC	PL
Patch Scarify	SP	ME	EXCAV	PL
Mounding	SP	ME	MOUND	PL
Piling	SP	ME	PILE	PL
Stump Removal	SP	ME	RESTU	PL

Planting	PL	PL	CTAIN	CE
Brushing (power saw)	BR	MA	POWER	VM
Regen/Survival Survey	SU	RG	PLOT	SU
Regen/Stocking Survey	SU	RG	PLOT	RG
Regen/Multi Layer	SU	RG	MULTI	RG
Free Growing Survey	SU	FG	PLOT	FG
Free Growing/ Multi layer	SU	FG	MULTI	FG

ACTIVITY PLANNING

SITE DEG/DISTURBANCE SURVEYS	Any planned site deg surveys (SU DD WALK MS) should be deleted from the silviculture activity screen
SITE PREPARATION	Schedule for the first August following completion of harvest (
REGEN/SURVIVAL SURVEYS	Schedule for one growing season after planting
REGEN/STOCKING SURVEYS	Schedule for 3 growing seasons after planting
FREE GROWING SURVEYS EVEN AGE	Schedule for 5 growing seasons after planting initially. When reviewing and entering the regen/stocking survey this date should be extended if necessary to reflect the actual year that the block is expected to reach free growing.
FREE GROWING SURVEY MULTI-LAYER	Schedule between August 1st and Sept. 15 of the year that exceeds 24 months following harvest completion.
RECONNAISSANCE (WALKTHROUGH) RG-FG	Use RG-FG-WALK obj: RG-FG for situations where the time period between scheduled plot surveys on a blk. exceeds 3 growing seasons.
SILVICULTURE PESCRIPTION (AMEND.)	Use SU SI AMD to schedule that an amendment is required. A file note should be completed to document the type of amendment required. Schedule for the next March.(ie could be the current or following year).
FREE GROWING (WALKTHROUGH)	Use SU FG WALK FG on areas that have had FG surveys but require a walk through to confirm FG status.
