| <b>Map Attached?</b> <b>Yes</b>                         |                                        |

*See LKB – CCVF Management Practises Document for interpretation guidance. At recce stage, it is most critical to note the presence of the value. If there is certainty as to how the value will be managed, indicate briefly as well.*

*Reference CCVF observations with markups on accompanying Map.  
Submit to BCTS PrF for further communication*
