TA0549 Location

Leaving Cranbrook, drive NE until reaching the junction of HWY 95 and HWY 93. Proceed SE on HWY 93 for approximately 52.7km. Turn off highway 93 and onto Kikomun Road. Continue SW on this road until reaching the four-way intersection. Proceed straight through the intersection toward Lake Koocanusa. Cross the Bailey bridge and keep on the road until the pavement ends. The end of the pavement is the beginning of Teepee Creek FSR. Keep straight and continue up Teepee Creek to the 27 km marker. At this location, there is a junction on the right and left of the FSR. This is the common junction for this TSL.

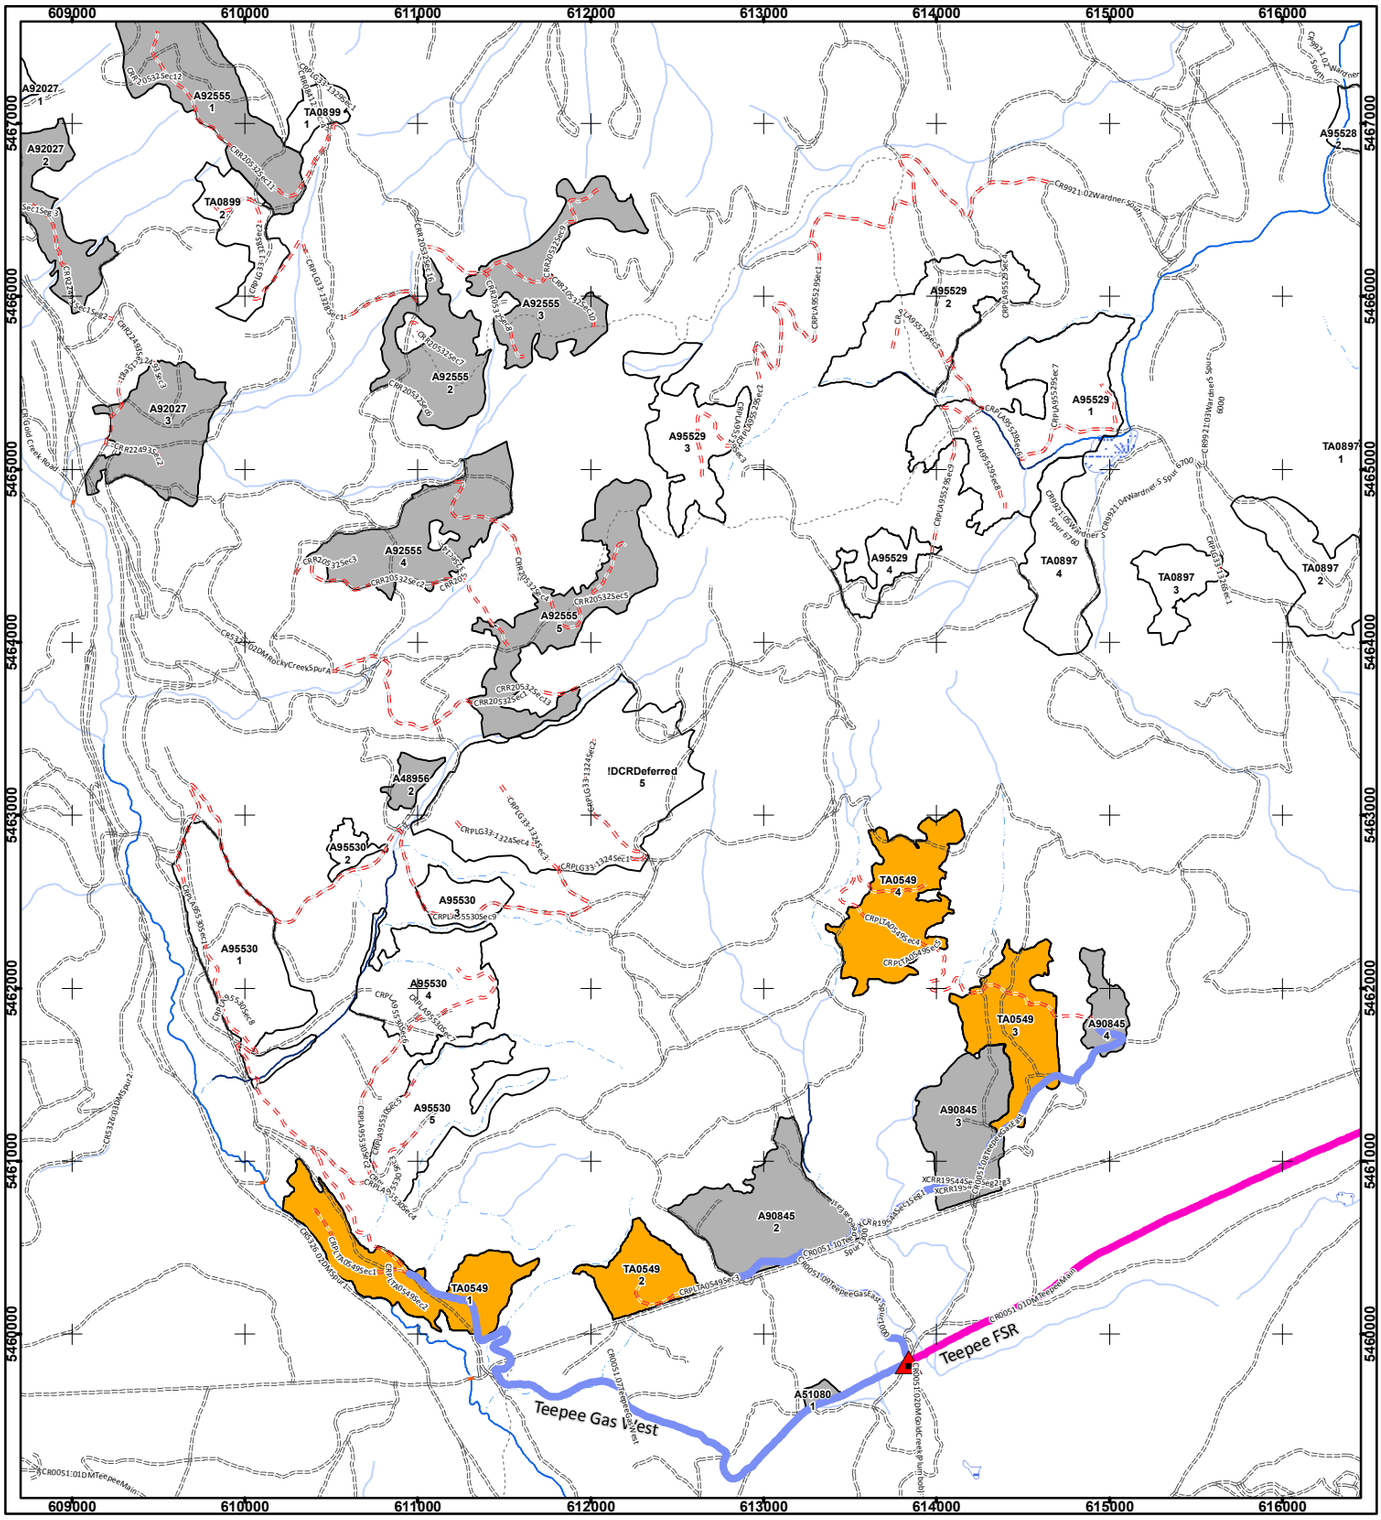

TA0549 Access

TA0549 Blk 2-At the common junction (27km Teepee Cr FSR), turn right at the junction just past Plumbob FSR on the left. This road will immediately fork.

To access TA0549 Blk 2, keep left and follow the road to the pipeline crossing. Upon crossing the pipeline, the road will fork. Kept left. The road will head west into an existing cutblock (A90845_2). Continue west until road centerline ribbon becomes visible. This is CRPLTA0549 sec 3 that accesses TA0549 Blk 2.

TA0549 Blk 3 and 4: At the common junction, turn right. Keep left on the existing haul road. Proceed north to the pipeline crossing. Immediately after the pipeline crossing, turn right. Continue east to the first landing. From this location, the road is to be upgraded to an FSR and will continue east tying back into road section 0051.08. Once onto road section 0051_08, continue north east and up the switchbacks. Proceed up the switchbacks to the end of the road. The road will end at a landing and road centerline ribbon will be visible. This is the location of TA0549 sec 4 that will access TA0549 Blk 3 and TA0549 Blk 4.

TA0549 Blk 1: At the common junction, continue up Teepee Creek FSR to the 28km. Proceed right onto "Gold Creek East". Continue up this road to the existing cutblock. CRPLA95530 sec 1 continues off of this road and accesses TA0549 Blk 1.
