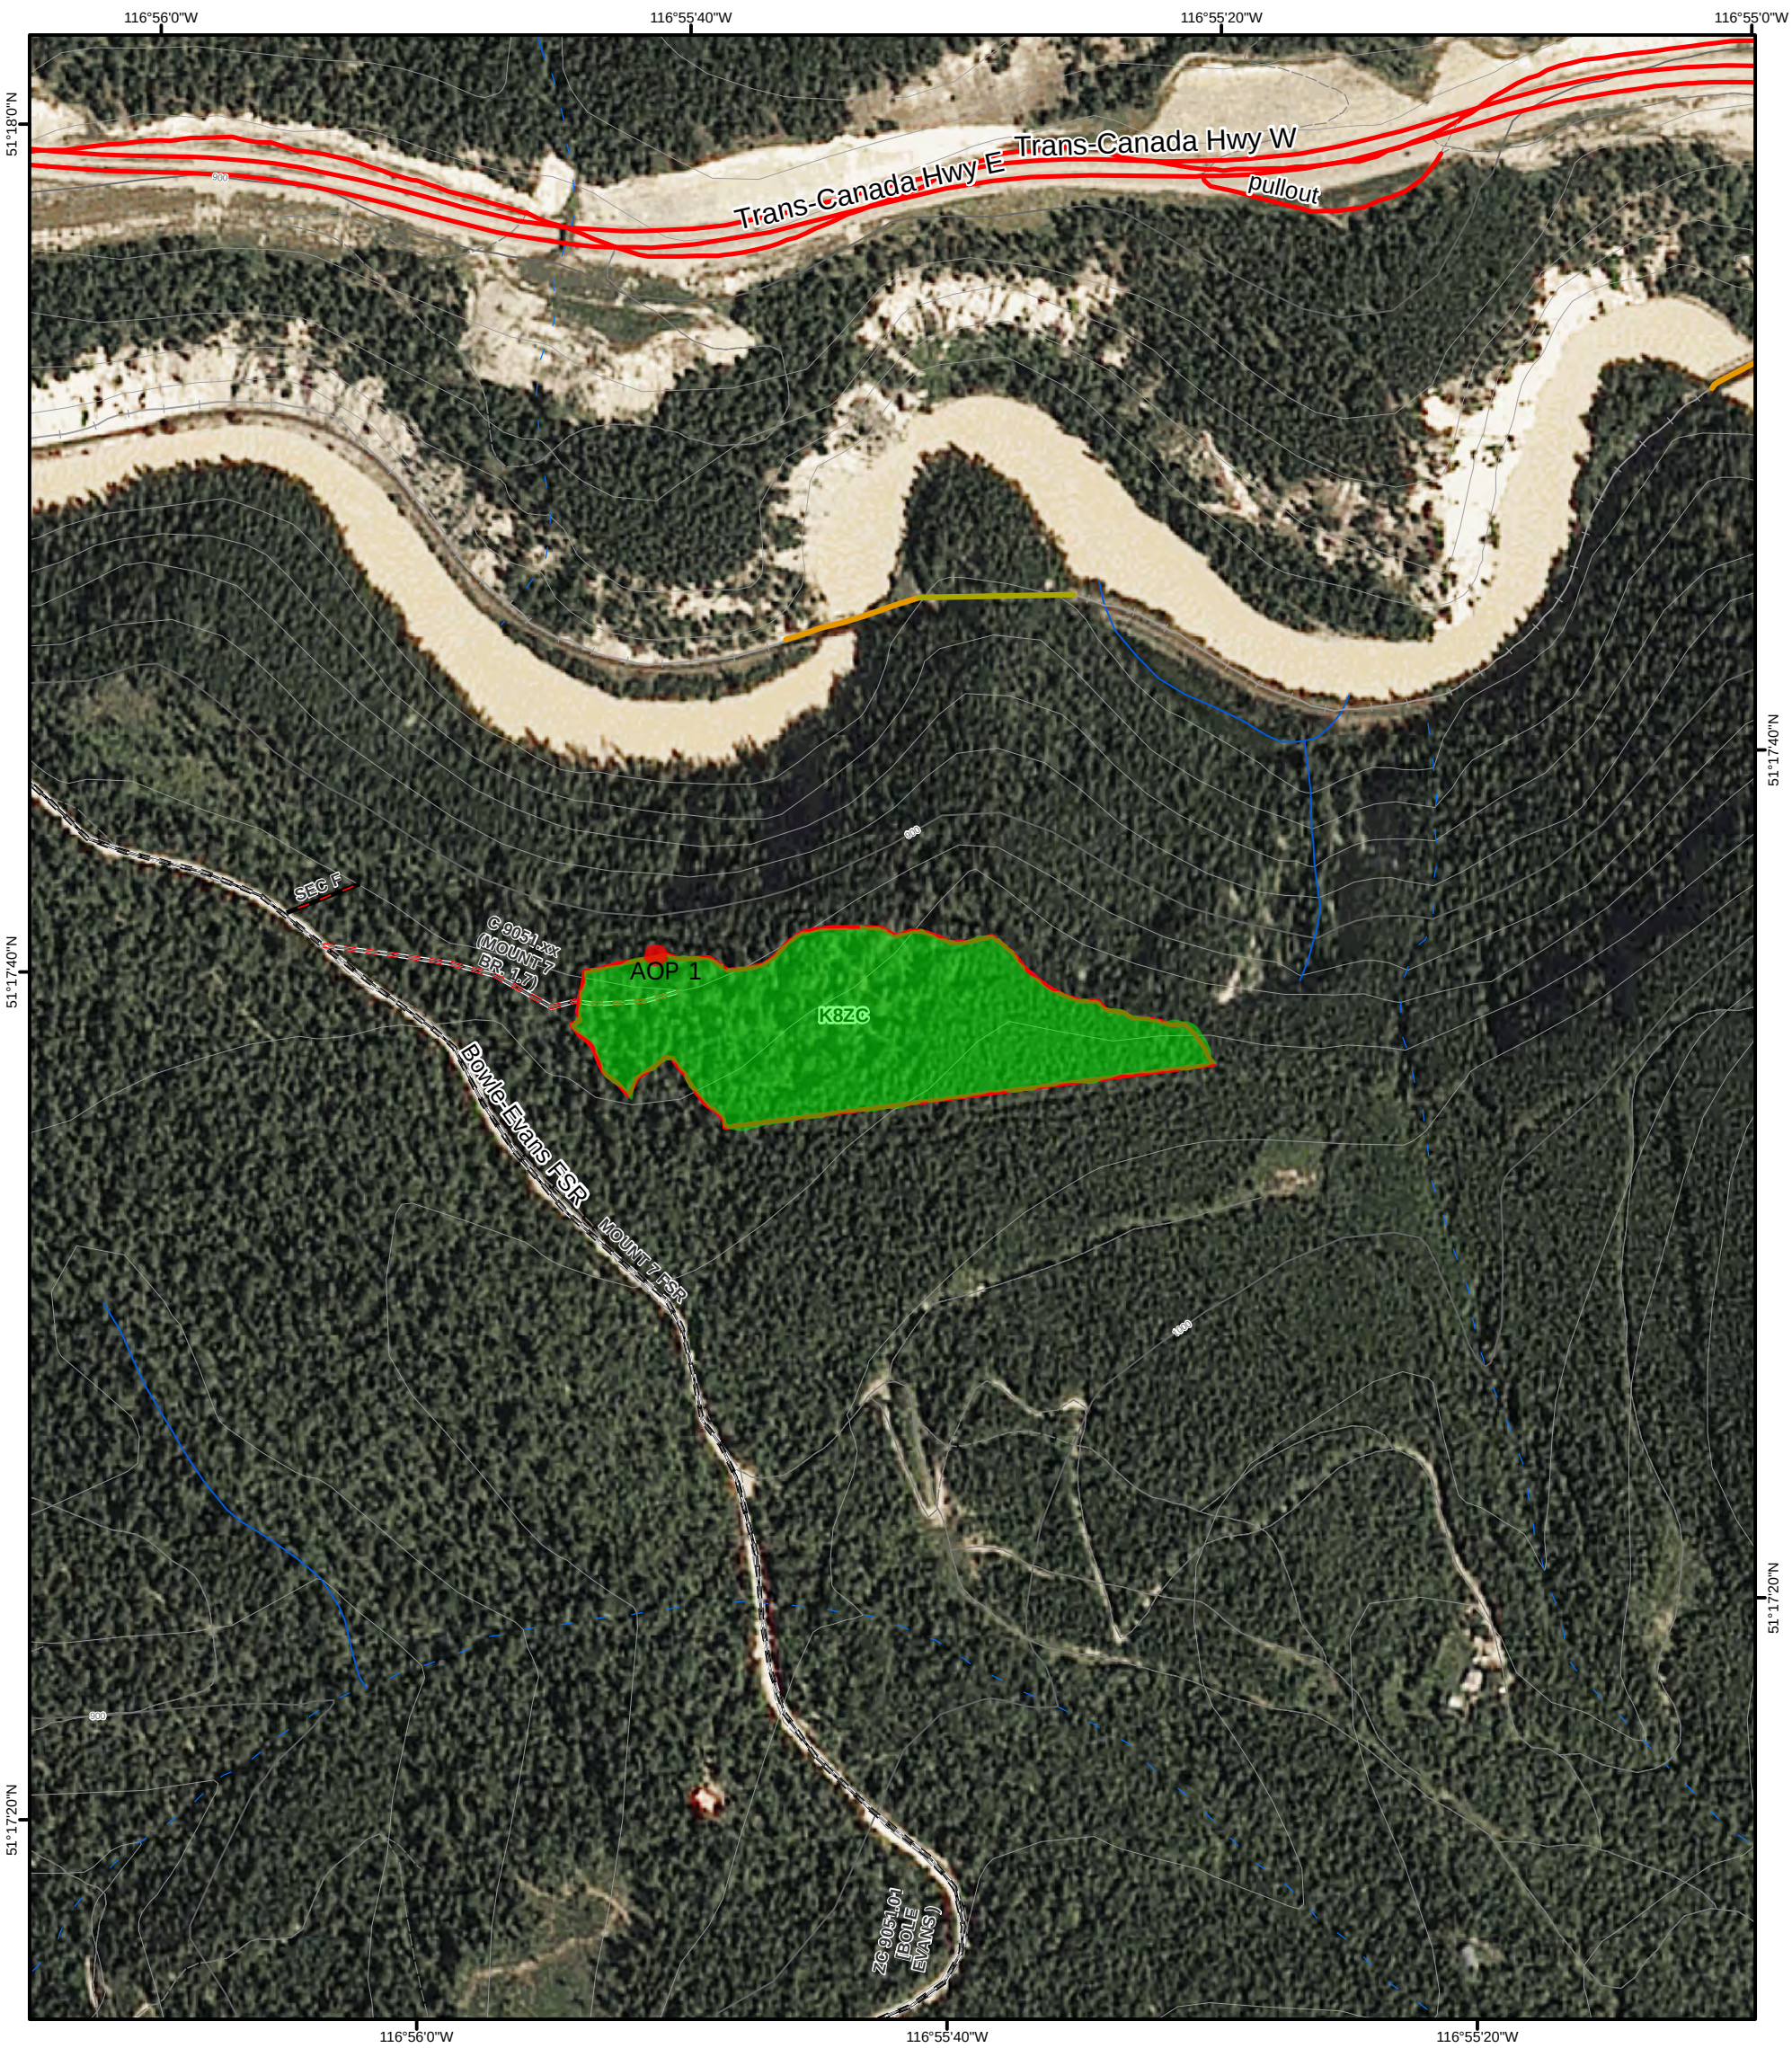
PFR Results: Block K8ZC was surveyed with a focus on hydrological features and level areas where archaeological potential was noted. Terrain within the block is undulating with a consistent gentle slope with a northern aspect.

One area of archaeological potential was identified during field survey in the northwest corner of the block.

AOP 1 (20 m E-W x 18 m N-S) is a level terrace above Kicking Horse River to the north. AOP 1 is located at UTM 11N 504920E 5682527N (center point).


It is recommended that the block boundaries be ammended in order to avoid this area. No further work is required for the remaining block.
