

Help Document for opening the Google Earth KMZ file from the Sales Schedule PDF.

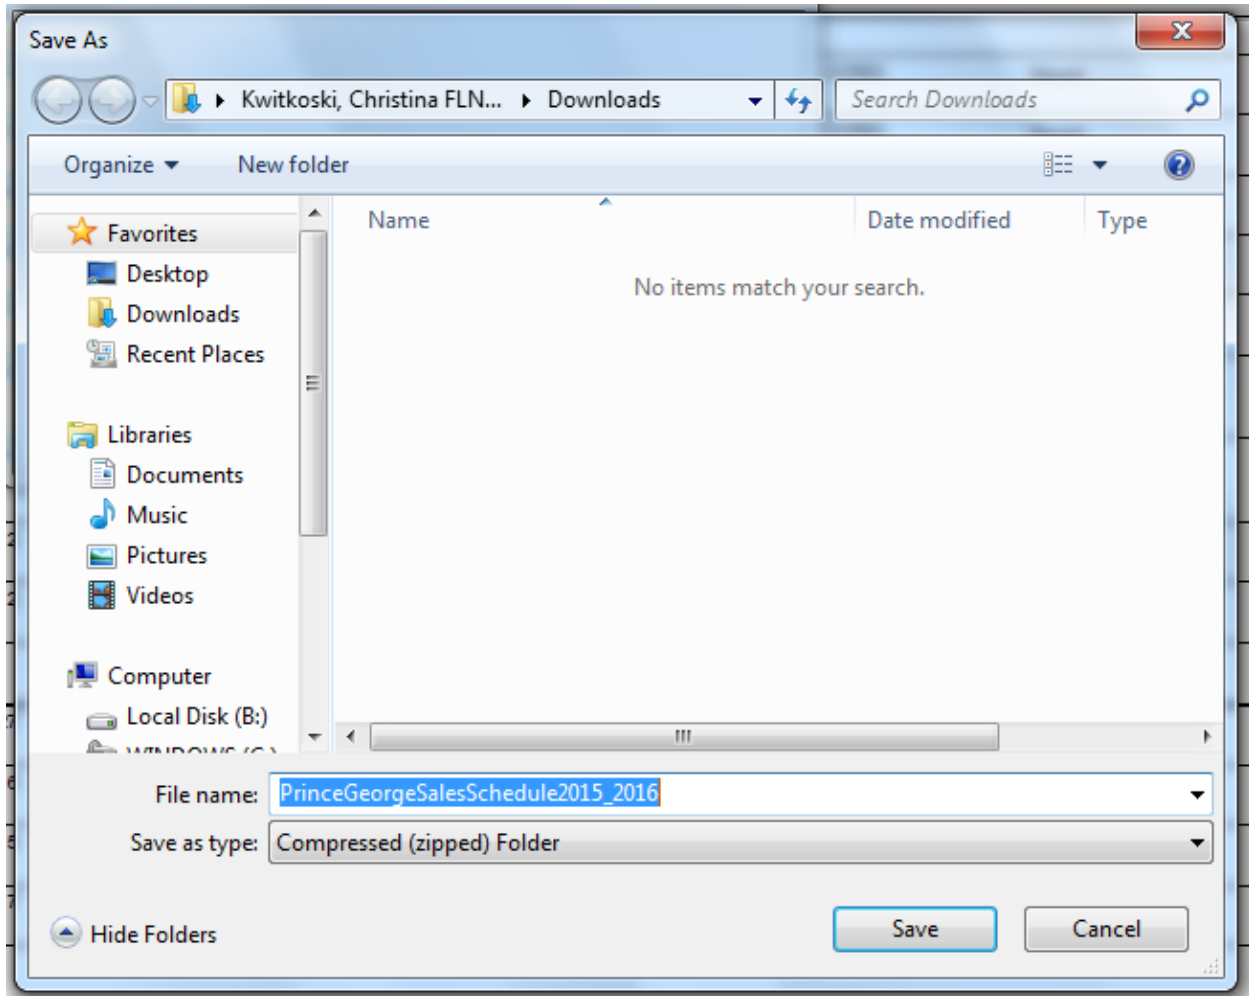

1. Open Sales Schedule PDF
2. Click the link for the KMZ (Google Earth File) which you want to open

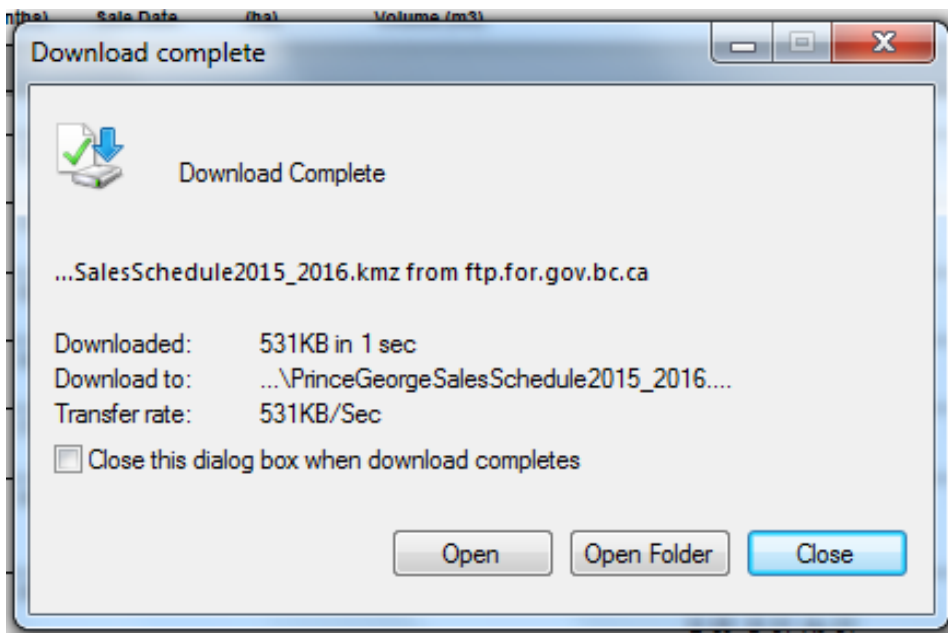

3. A new Window will open up asking you to Open or Save the file

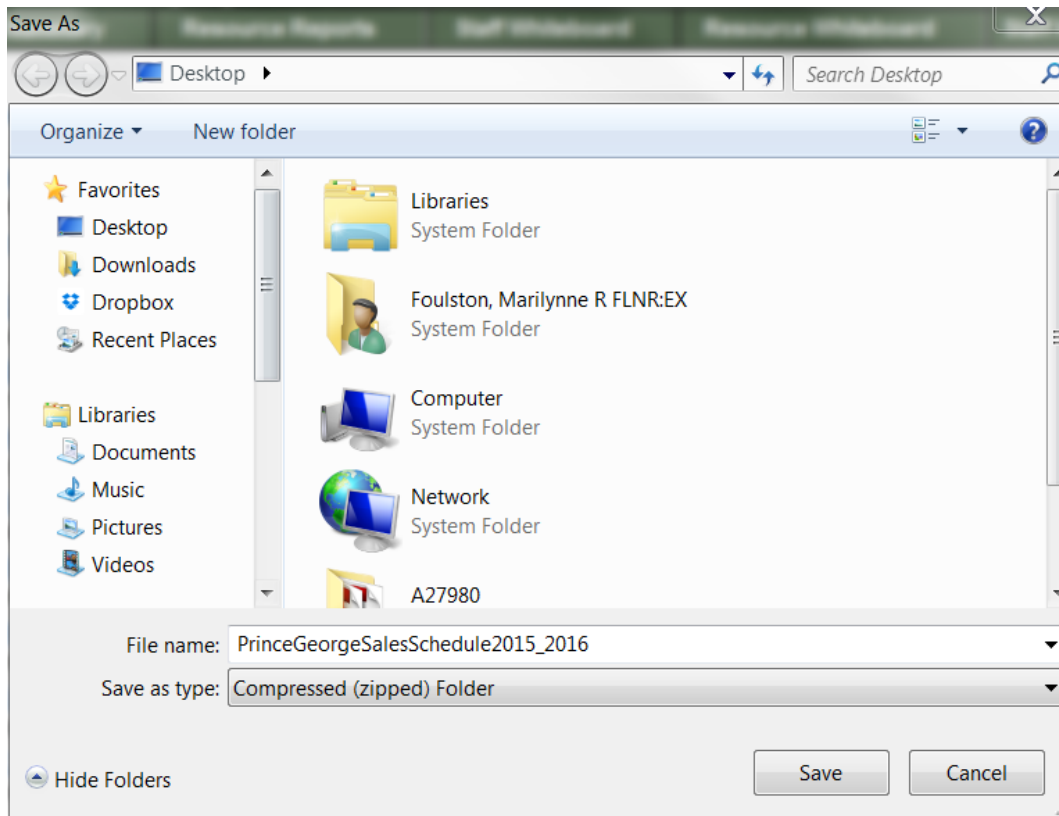

4. Select Save, this will save to your 'downloads' folder on your hard drive. If you want you can alternately save to a different location on your computer as well.

5. Then click open to view the kmz in google earth

6. Alternately, you may have the following text box show up when you select Save/Save As in Step 4, just choose the location you wish to save to and then open the KMZ

Any questions for opening the KMZ file please contact
