Establishment of Objectives for
Recreation site, Recreation Trail and Interpretive Forest Site

Notice is hereby given that, pursuant to Section 6(3) of the *Forest Practices Code of British Columbia Act,* objectives for the following Ministry of Forests recreation sites and recreation trails are to be established effective July 31, 1999:

Atan Lake Recreation Site: 16660-20/2658
Batnuni Lake West Recreation Site: 16660-20/2678
Beavermouth Recreation Site: 16660-20/2572
Boat Lake West Recreation Site: 16660-20/2591
Boot Lake Recreation Site: 16660-20/2593
Bushie Lake Recreation Site: 16660-20/2701
Chisel Lake Recreation Site: 16660-20/2659
Crater Lake Recreation Site: 16660-20/2943
Crescent Lake Recreation Site: 16660-20/2660
Cuisson Lake South Recreation Site: 16660-20/2881
Fishpot Lake Recreation Site: 16660-20/2885
Hangman Springs Recreation Site: 16660-20/2940
Honolulu Recreation Site: 16660-20/2939
Kevin Lake Recreation Site: 16660-20/2907
Lightning Creek Recreation Site: 16660-20/2570
Maude Lake Recreation Site: 16660-20/2790
Nyland Lake Recreation Site: 16660-20/2569
Pelican Lake South Recreation Site: 16660-20/2886
Snag Lake Recreation Site: 16660-20/2587
Snaking River Recreation Site: 16660-20/2941
Twan Lake Recreation Site: 16660-20/2584
Twin Lakes Recreation Site: 16660-20/2859
Tzenzaicut Lake Recreation Site: 16660-20/2581
Wentworth Lake Recreation Site: 16660-20/2869
West Road River Recreation Site: 16660-20/5573
Whiskey Flats Recreation Site: 16660-20/2830
Collins Overland Telegraph Recreation Trail: 16660-20/2982
Deserters Creek Falls Recreation Trail: 16660-20/5595
Hallis Lake North Ski Recreation Trail: 16660-20/2752
Hush Lake Cross-country Ski Recreation Trails: 16660-20/2888
Jubilee Recreation Trail: 16660-20/2578
Yanks Peak Recreation Trail: 16660-20/5721
Yellowhawk Recreation Trail: 16660-20/2579

A copy of the order establishing the objectives, and a map showing the location of the sites and trails are available for viewing at the Quesnel Forest District,

Gary Hedberg, Recreation Technician

Establishment of Objectives for
Recreation Site, Recreation Trail and Interpretive Forest Site

Atan Lake Recreation Site:
Recreation Project **16660-20/2658**
Established July 31,1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel drive vehicles from May to early October..

Batnuni Lake West Recreation Site:
Recreation Project **16669-20/2678**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel drive vehicles from late April to early October..

Beavermouth Recreation Site:
Recreation Project **16669-20/2572**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The riverbanks will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel drive vehicles from April to early October..

Boat Lake Recreation Site:
Recreation Project **16669-20/2591**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel drive vehicles from April to early October..

Boot Lake Recreation Site:
Recreation Project **16669-20/2593**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel drive vehicles from April to early October..

Bushie Lake Recreation Site:
Recreation Project **16669-20/2701**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October.

Crater Lake Recreation Site:
Recreation Project **16660-20/2943**
Established July 31,1999
Objectives:
The recreation site will be managed for a non motorized recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, and picnicing will be provided at the site.

Crescent Lake Recreation Site:
Recreation Project **16669-20/2660**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from May to early October.

Cuisson Lake Recreation Site
Recreation Project **16669-20/2881**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October.

Hangman Springs Recreation Site:
Recreation Project **16660-20/2940**
Established July 31,1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October.

Honolulu Recreation Site:
Recreation Project **16660-20/2939**
Established July 31,1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline of the Nazko River will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October..

Kevin Lake Recreation Site:
Recreation Project **16660-20/2907**
Established July 31,1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October..

Lightning Creek Recreation Site:
Recreation Project **16669-20/2570**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for two wheel drive vehicles from April to early October..

Maude Lake Recreation Site:
Recreation Project **16669-20/2790**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October..

Nyland Lake Recreation Site:
Recreation Project **16669-20/2569**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October..

Pelican Lake South Recreation Site:
Recreation Project **16669-20/5595**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October..

Snag Lake Recreation Site:
Recreation Project **16660-20/2587**
Established July 31,1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October..

Snaking River Recreation Site:
Recreation Project **16660-20/2941**
Established July 31,1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October..

Twan Lake Recreation Site:
Recreation Project **16660-20/2584**
Established July 31,1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October..

Twin Lake Recreation Site:
Recreation Project **16669-20/2859**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline of the Nazko River will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October..

West Road River Recreation Site:
Recreation Project **16660-20/5573**
Established July 31,1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline of the West Road River will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October..

Wentworth Lake Recreation Site:
Recreation Project **16669-20/5595**
Established July 31, 1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October..

Whiskey Flats Recreation Site:
Recreation Project **16660-20/2830**
Established July 31,1999
Objectives:
The recreation site will be managed for roaded recreation experience and maintained to a safe, sanitary and socially acceptable condition. The shoreline will be managed for recreation and habitat values. Opportunities for fishing, camping, boating, canoeing, and picnicing will be provided at the site. Access will be maintained for four-wheel-drive vehicles from April to early October..

Deserters Creek Falls Recreation Trail:
Recreation Project **16669-20/5595**
Established July 31, 1999
Objectives:
The trail provides summer non-motorized recreation opportunities, hiking and wildlife viewing. Access to the trail head will be two-wheel-drive via West Fraser Road. The recreation trail will be managed as non-motorized recreation experience.

Hush Lake Cross-country Ski Recreation Trails:
Recreation Project **16660-20/2888**
Established July 31,1999
Objectives:
The trails will be managed for a roaded recreation experience. There are opportunities for cross-country skiing, and hiking. The use of motor vehicles for recreation purposes prohibited from November 1 to May 1 each year.

Jubilee Recreation Trail:
Recreation Project **16660-20/2578**
Established July 31,1999
Objectives:
The trail provides summer non-motorized recreation opportunities, high degree of naturalness, wildlife viewing and winter activities. The trail will be managed for roaded recreation experience with access to the trail via four-wheel-drive from the Bowron Lake Road.

Yanks Peak Recreation Trail:
Recreation Project **16660-20/5721**
Established July 31,1999
Objectives:
The trail provides winter and summer non-motorized, plus winter motorized recreation opportunities into the alpine. The trail will be managed in a roaded manner to provide protection to the alpine from damage due to motorized use.

Yellowhawk Recreation Trail:
Recreation Project **16660-20/2579**
Established July 31, 1999
Objectives:
The trail provides summer non-motorized recreation opportunities, high degree of naturalness, wildlife viewing and winter activities. The trail will be managed for roaded recreation experience with access to the trail via four-wheel-drive from the Bowron Lake Road.
